Sneak Peak – Breakout Sessions

Safe harbor statement

This presentation contains "forward-looking" statements that involve risks, uncertainties and assumptions. If the risks or uncertainties ever materialize or the assumptions prove incorrect, our results may differ materially from those expressed or implied by such forward-looking statements. All statements other than statements of historical fact could be deemed forward-looking, including, but not limited to, any projections of financial information; any statements about historical results that may suggest trends for our business; any statements of the plans, strategies, and objectives of management for future operations; any statements of expectation or belief regarding future events, technology developments, or enforceability of our intellectual property rights; and any statements of assumptions underlying any of the foregoing.

These statements are based on estimates and information available to us at the time of this presentation and are not guarantees of future performance. Actual results could differ materially from our current expectations as a results of many factors, including but not limited to: the unpredictable nature of our rapidly evolving market and quarterly fluctuations in our business; the effects of competition; and any adverse changes in our indirect channel relationships. These and other risks and uncertainties associated with our business are described in the company's annual report on Form 10-K. The forward-looking statements in this presentation are made as of the date of the initial publication of this presentation, and we disclaim any obligation to update these statements at any time in the future.
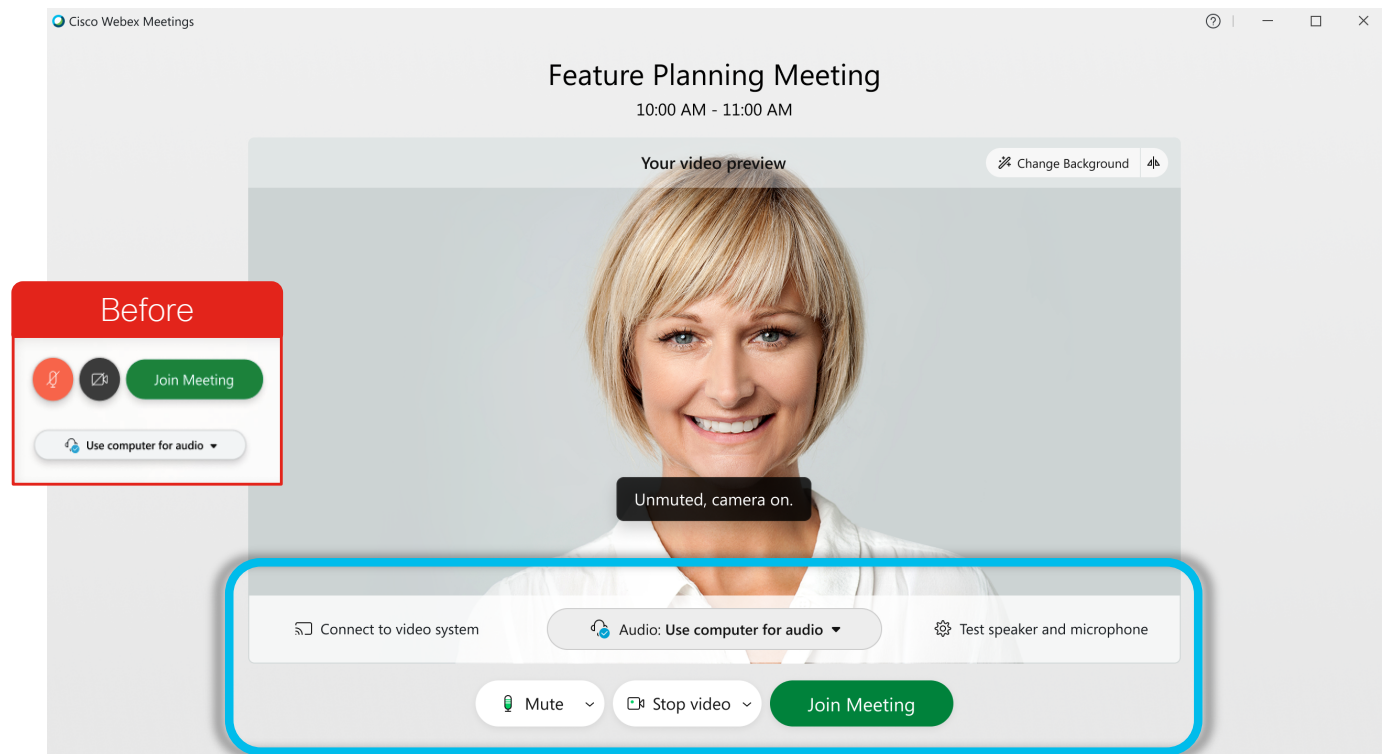

Introduction

The way we work is changing, so we've got big things in store to help you keep pace.
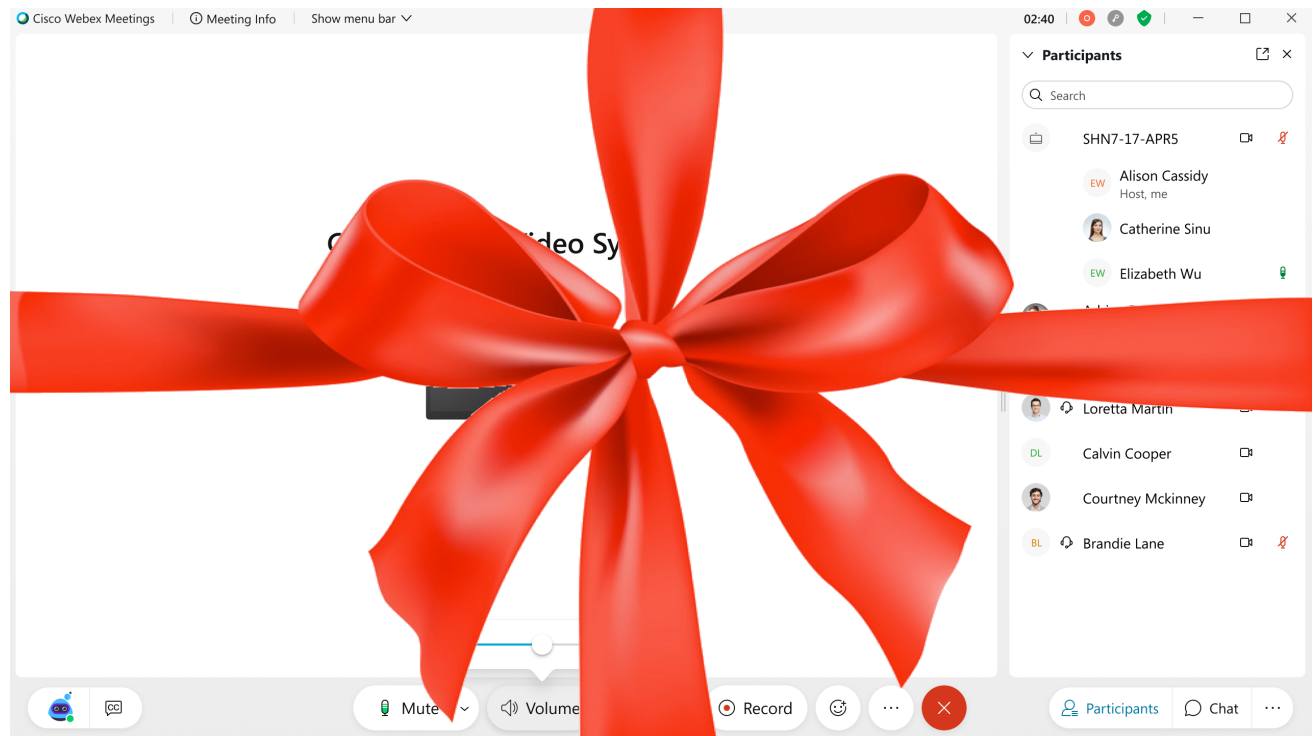

Before: Set yourself up for success

Coming with the 40.9 release, we've made it easier to adjust audio and video settings on your way in.

UX

Cisco Webex Meetings

Feature Planning Meeting
10:00 AM - 11:00 AM

Your video preview

Change Background

Before

Join Meeting

Use computer for audio

Unmuted, camera on.

Connect to video system

Audio: **Use computer for audio**

Test speaker and microphone

Mute

Stop video

Join Meeting

Before and During: Critical Controls Made Easy

In the new UX, you'll never have to wonder if you're muted or sending video.

Before

Muted Video Off   Unmuted Video On

Sound indicator shows you whether your audio is being received.

Mute

40.9 – New UX

Mute   Stop video

Unmute   Start video

During: Host View

As the host, you've got a lot to do but hunting for menus shouldn't be one of them.

Before

Host View
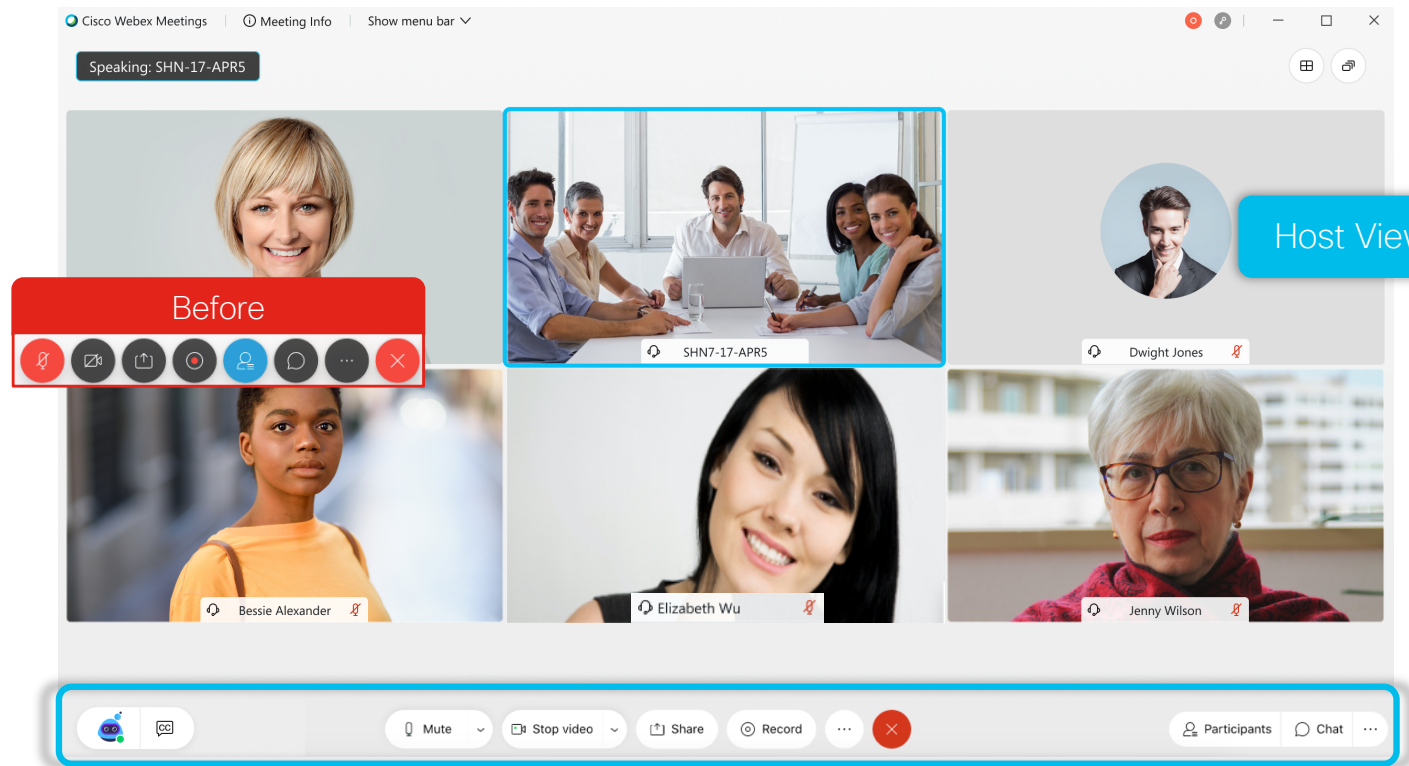

During: Attendee View

With at-your-fingertips controls, you can manage your experience without missing the message.

During: Contextual Menu Options

Leverage your intuition.

Intuitive menu options expand from always-there controls – saving you time and preventing lengthy distractions.
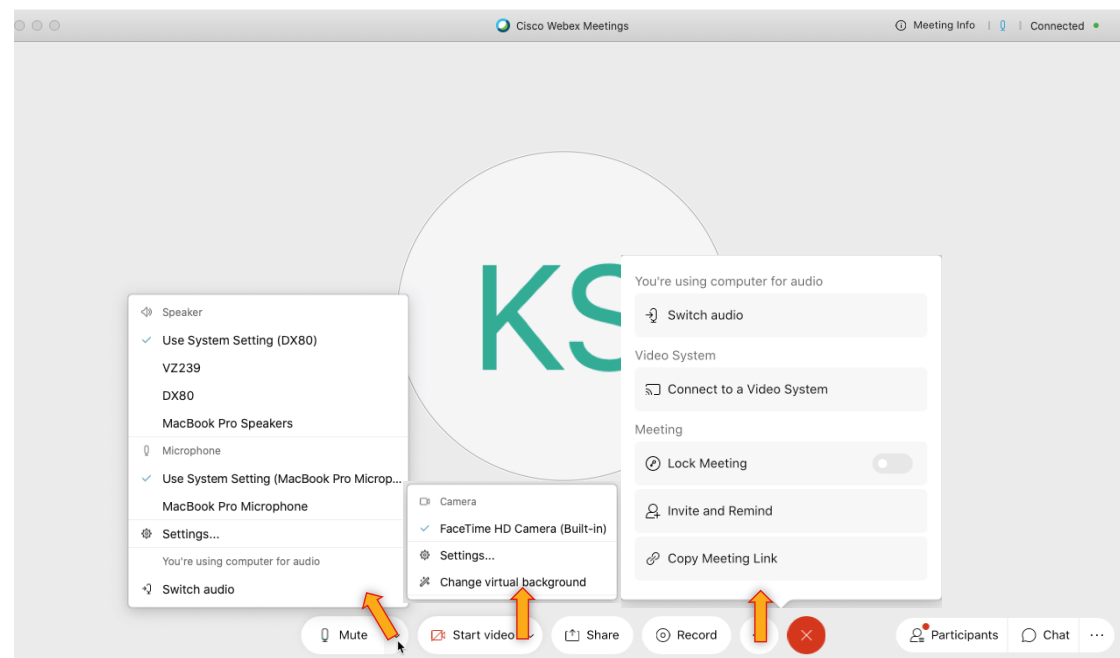

For the Admin – Technical Considerations

Latest Channel Version Support

Webex Meetings 40.9+

Slow Channel Version Support

Webex Meetings 40.10+

But wait! There's more…

Sneak Peak: Breakout Sessions

Collaborate smaller to amplify your big ideas.

Currently in EFT*

Subject to change.

Sneak Peak: Breakout Sessions – Considerations

Version Support

Webex Meetings 40.9+
